"Thank You" landowners for a great season!

Landowner raffle is here....

We drew a name from our landowner list.

The following landowner has won a \$ 50 gift card:

October: Jerome Kostaniak

Congratulations!! We will have a give-a-way each month!
So please check this out to see if you are a winner!

President's Page

Thought we would mix it up and see what our VP has to say....

Now it is getting to be that time of year,,, if you can give a hand to help us get ready for the season - please call the sno-phone. We could always use your help even if it's just an hour. We have stakes to paint and reflectors to attach. We are also getting everything ready for our annual Christmas party! If you can help with picking up donations for us from area businesses, donating a gift to our club for the Chinese auction or helping set up event with decorations, that would be great! The Christmas party is coming up quick, so please come and enjoy it. I would like to thank the landowners!!! Without them, we would not have our trail system.

We keep busy all year with our club. We are repairing bridges, teaching safety classes, running events for fundraising and preparing our groomers for the upcoming season!! So join the club, tune up your sleds and get ready to ride the day after deer season ends!

Helpful Hint of The Day: Now is the time to buy if you are looking to buy a new or pre-owned sled. Fall is when people are deciding whether they want a newer sled than the one they have or that they won't be riding this year and want the money instead. There are many pre-owned sleds that go up for sale everyday. If you check out the local dealers, craigslist and the papers... you will see what I'm talking about. Don't hesitate! Sleds for sale don't last long on the market. If you wait - even a day - it could be too late and the one you wanted is no longer for sale - it's sold!

Dan

Buck's open house & swap meet: We had a great day! Sleds were bought and sold, vintage sleds were there for viewing and Buck's had great sales!! NESS provided hot dogs, hamburgers and more! We had apparel to sell, coupon books to sell and memberships for vouchers. Thanks to all who stopped by and supported Buck's and our club. Thanks to Buck's for allowing us to help their event. Thanks to Jack Dewitt for donating the hot dogs and Kaboodles for great chili! The decorations were compliments of Creekside Sales & Service. The Schroeder family contributed also with tables, chairs, tents, propane, coffee pots, coolers and heaters. Special thanks go to the crew who worked the tent all day: Bev, Josh, Matt, Kevin, Randy, Ray, Dan, Richie and Molly for help with set up. With all these people volunteering, the day was a great success!!

We will have 2 safety classes this year:

- 1) Tue, Nov 15: 6pm-10pm & Thu, Nov 17: 6pm-10pm.
You must attend both nights to complete course.
- 2) Sat, Dec 17: 9am-5pm.

Both courses will be at: Swormville Fire Hall 6971 Transit Rd. East Amherst, NY

Please contact: Al or Camille at 439-1240 for more information & registration!!!

FROM THE TRAIL COORDINATOR SIDE

Our season is off to a good start! The Transit Road bridge is all done, we replaced the wood planks. Campbell's Spur has been redirected and cleared. The majority of trail captains have already taken their signs so they can mark their trail. Anyone who is still in need of signs, call me. We are still looking for someone to help with the emergency locator signs. Allstate donated these signs for all the clubs. We would need someone to help write the latitude/longitude on each sign for some of our intersections on our trail system and help installing them on our road crossings.

We still have a few new stakes that need to be painted and reflectors put on. I will need advance notice to schedule the use of "The Buggie", chain saw and/or pole saw for trail work. This means not a phone call the night before.

NEW THIS YEAR: ALL WORK LOGS NEEDS TO BE TURNED IN WITHIN 10 DAYS AFTER COMPLETED WORK. OUR CLUB NEEDS TO HAVE INFO TO PARKS IN ORDER FOR OUR CLUB TO GE REINBURSED AT YEAR END.

ALSO, THE INCENTIVE PLAN WILL BE THE SAME AS LAST YEAR....

Thanks for all your help in making our system work!

Adopt-A-Highway Program

Did you know...

- NESS participates in the Adopt-A-Hwy Program for Akron, NY.
- Two times a year we pick up trash. From time to time we even find treasures. We had our Spring clean up on Sunday, May 1st at 9:00am.
- It took 2 1/2 hours to get the job done. We also did our Fall clean-up on Sunday, October 2nd at 9:00am. We will have another one this Spring! We meet at Maple Rd and Rte 93 at 9:00 am.

- Thanks to Ron Rosenburg, Mike Schifferle, Rick Weitz, Rich Pfentner, Dan Dressel, Curt Watts, Frank & Bev Schroeder for working this fall clean up. We had a great crew! They had breakfast first at the Newstead Fire Hall. Does it get better than that? We couldn't have been successful without the support from our members. Do you want your name added to our list?

Come on out this spring and join in on the fun!

SNOWMOBILE SERVICE - SPECIALIZING IN SHOCK REBUILDING

STEVEN W. WDOWKA

www.Aftershockperformance.com

9300 COUNTY RD. UNIT E3

CLARENCE CTR. NY 14032

Greetings from The Phantom Snowmobiler

It is October. Let the Phantom be your snowmobiling alarm clock. Now is the time to get your sled out and start preparing it for the upcoming season. Hopefully you followed the Phantom's suggestions for summer storage and your fall preparation will be that much easier. Grease, fluid changes, carbides, spark plugs and track tensioning. Top the list for fall. Some over looked items:

- 1) What's been rotting in your storage compartment all summer long? Time to clean it out and inventory what's in there. Are there tools? Do they work or are they just one big rusted together clump? Flash light? Time to change the batteries even if it works. It won't work for long on a zero degree night on old batteries. Spend some time in there with an eye toward what you would need in an emergency, then make sure what you have works and will survive a rough trail.
- 2) The spare belt. Any belt is better than no belt, BUT if you go on trips up to the Adirondacks or Canada, a decent spare is a must. You may have to travel a hundred miles or more until you can buy a new one.
- 3) Loose or bent studs. The Phantom has been bitten by this one. If you have a bent stud, chances are the backer is bent also allowing it to rock back and forth. It will cut thru the track at some point. Best case it will fall out harmlessly on the trail. Worst case it will start to slowly tear out allowing the stud to chew thru the heat exchanger. You will lose all of your coolant and the engine will overheat. Needless to say- day over. Sometimes the engine will overheat without and warning lights coming on or the temp gage will actually drop to cold. The temperature sensors must be submerged in coolant to work. Many engines have been ruined in this manner. The moral of the story is simple... a few hours spent now will help ensure a full season out on our wonderful trails when the snow flies. As always, now is the time to get your sled into your dealer if you choose to have the work done for you, Not when the first snow hits. The phantom has always marveled at how impatient people can be when their snowmobile is in the shop and its snowing. Don't be a last minute Louie. You have 2 months to have your sled looked at before the season opens. Get started today. The phantom will take a look at what's in his storage compartment in an upcoming column. until then...

The Phantom Snowmobiler-he see's ALL

Thank You!!!!

- Our general **meetings** are held at 7:30 PM on the last Thursday of each month. Please check our website for location but during the season, they're **at American Legion Tillman Post 9** Eckerson Road Akron, New York. It's located right on **C4C trail** (the bike path at Cedar Street in Akron) so you can come join us by sled! All ages are welcome! Bring a friend, too!
- We spend over 4000 hours/year conducting the activities needed for
"The Best Trails in WNY®"
- We have over **750 members** of all ages who share the same passion and enjoy making snowmobiling such a wonderful sport!
- We have two groomers; one we purchased in 2005 costing over \$130,000 and another in 2009 costing over \$170,000. These help us maintain over **125 miles of trail** right in your neighborhood!
- Our trail system is possibly only through the generous support of over 200 **private landowners**. We respect them by staying on the marked trails! Follow the signs - not always the tracks!
