Nominations for all open officer and BOD (board of director) positions will happen at this month's meeting. We have had a great group of

folks as elected club officials for this past year. Many of them have served for years and years. Speaking on their behalf, they would love to see some new faces, and new ideas so they can focus on some new areas in the club, and expand into areas that we have talked about for years, but never have the manpower to make it happen. Help ensure a great 2021-2022 riding experience, and keep your hometown club going strong!!! Help shape the future of our club, throw your "hat" in the ring and hop on board!!!

These guys offered to re-wire one of the clubs UTV trailers. It was in bad shape, it was in tough shape, and needed some love... Joel & Ben picked it up, and went through her from stem to stern. Now we have lights we didn't even know we had !!

Hello Everyone,

Some fresh snow on the ground, and some open trails. I hope everyone is scratching the itch and putting some miles on! With any luck we can ride to the next monthly meeting. Hope everyone shows up for elections. We have a lot of spots to fill and as always could use the help. Hope to see everyone on the trail!

Andy

Bright Orange thanks going out to the Darcy's up at the extreme North end of our trail system. Bob & Bob Jr. answered the call for some help painting new trail markers. Bob made room in his shop, and the two of them spent some valuable time painting and drying 300+ trail markers for the club. Bob operates "Bob Darcy's" auto & general repair shop in Gasport, right behind Durf's auto repair. You can find him at 7642 Rochester Rd., Gasport. He works on anything with a motor in it !!! And welcomes sled repairs & service. Bob's # (716) 280-8261
~ Many Thanks ~

My apologies, I was not able to transcribe last months meeting minutes. Truth is, I've been too busy driving a groomer & fixing groomers. So, priorities... And smooth trails win out every time, so your going to have to come to the meeting to read last months minutes. ~Ron~

As I finish up this newsletter, we have had back to back days with all 3 of our groomers out on 8+ hour runs on all 3 groomers. That equates to 150+ gal of diesel fuel / day !!!

As the snow keeps falling, we want to keep the tracks turning on full tilt..for maximum flat trail riding experience !!! Consider making a grooming fuel donation, you can physically donate fuel or a cash donation. Any little bit helps.
