# Trail Useage

Lets have a little discussion about our snowmobile trails... Due to the extension of big game hunting season in NYS, the EARLIEST our trails can open, weather and conditions providing is Jan. 2nd. With that said, just because there is enough snow to cover the grass in your front yard, and you can't wait any longer to push the flipper on your new sled... DOES NOT mean you can hit the trails !!! We all feel the same way as you !!! NESS trails open and close at the discretion of trail coordinator Bill. There are many factors that go into deciding on opening or closing our trails. Over the past few years the consequences for riding on a closed trail have gone up considerably. Hefty fines, court fees, on the spot impoundment could make you very sorry you didn't check before you hit the trails. If you're thinking you're going for a quick "scoot", or just a few miles to your favorite watering hole. Remember, EVERYONE

carries a very powerful video recorder and camera in their pocket these days ! You no longer need to be caught "red handed" to be issued a ticket. Remember there is a good chance the guy writing your ticket also rides sleds too. Law enforcement has divisions in the NYS police, County Sheriffs, NYS Office of Parks & Recreation & the DEC. Any snowmobile infractions are directed to one of those departments, so they are already prepared for your excuse that you didn't know the trails weren't open, or whatever other excuse you can dream up. It's YOUR responsibility to check trail availability before you head out. It's also your responsibility to be prepared for the conditions you may encounter out on the trails. We go to great effort to explain the conditions on our "trails" page on our website. When a trail is listed as "limited" and in the comments section it says "Water Holes" be prepared to return home covered in slop, and soaked to the core. We update trail conditions as they change, but you can always post a question to the fb page, and get info directly from other riders. Another very common excuse we hear when riders are stopped on a closed trail, is that they are not from around here, and rode onto our trail system from another club that was open. Again, it won't get you out of a ticket, you are responsible to plan your route, and check conditions before you leave. Trails may open up at anytime of day, but trails will only close at midnight, to ensure no one gets stuck out on a trail that was open when they left to go for a ride. Use our website & the NYSSA interactive web map to make the best of your riding experience! And enjoy our trails !

# Welcome

...Is this your first newsletter ??? Well, in that case, welcome aboard ! This is where our club news intersects with WNY snowmobiling, with a twist of Ron's humor thrown in just to keep things interesting. I consider this publication a continuing work in progress. Or a train wreck in progress, the jury is still out... I welcome any ideas, input & criticism. Hit me up ! (716)622-8121 or snoseekers@yahoo.com

## NESS Equipment Woes

Nothing breaks until you need & use it !!! Our club UTV #1 was out marking trail when it suffered a catastrophic electrical issue and just died on the West Shore Line on its way to mark some trail. I called AAA, but they forwarded the tow recovery request to my wife !!! Thank goodness I wasn't in the middle of a field or woods when it quit. A few hours diagnosing the issue, back home and I was still scratching my head... So... I searched my phone contacts for "NESS911"... Who could that be you ask ? That's the club member,

landowner, trail captain, long time friend and former snowmobile mechanic Dale Berghorn, formerly from the WNY famous Berghorn Polaris. Dale dropped what he was doing to let us bring it over and take a look at it. He got our UTV back up and running, with some lingering issues that we need to address once trail gets 100% marked. I don't have enough fingers on my hands to count the number of times Dale has gotten NESS equipment back up and running !!! From Groomers to Skid-Steers to UTV's and ATV's, he's gotten us out of hot water many many times !!! Thanks Dale !!!

## Christmas Party / Landowner Dinner

This years landowner appreciation Christmas party was held at the Akron Legion. We had one of the biggest turnouts we have ever had ! Huge thanks go out to the Akron Legion for hosting this years event,

the food was amazing and the service was perfect. We were getting concerned we would have enough food, but the staff at the Legion made it all work perfectly. Our chairpersons this year were Aaron & Matt, and with less than 60 days to put it all together, they really performed nothing less than a miracle. Aaron put together an amazing menu and Matt lined up one of the best ever basket raffles. There were many club members who came forward to help make the evening run flawlessly, I'm afraid to list them because I know I will miss someone. If you were there you already know what a great evening we had thanking our landowners. Check out our FB page for all the pic's from the evening !!!

	~ Sizes were discussed, among other things, various discussions on the tool box issue
<b>Christmas Party &amp; Landowner Dinner</b>	* Aaron update
	~ Aaron gave a lengthily update, covered many aspects, answered many questions. A lot of discussion on number of RSVPS we have gotten, and how many dinners to order. Price per. dinner plate was substantially higher than what we expected, or what we had paid in the past. Aaron gave details of the menu, what was included, Beer options were discussed, desert options were discussed, and Aaron informed us that we can not bring in home made deserts, this is not allowed by the NYS health board. Trenton offered to check at his work for options for other desert options we might use and prices.
	~ Aaron asked for a decent showing of officers, and helpers by 4pm on the day of the party to help set up and get ready for guests at 5pm
	~ Rich gave a report of the past 4 Christmas party costs, number of known attendees , he also reported on club money spent for gift baskets, door prizes and all other related things.
	~ Ron reported on the number of RSVPS we have gotten from landowners
	~ As Ron was reporting the RSVPS, he got 2 more RSVPS on his phone !!!!
	~ After a GREAT DEAL OF DISCUSSION it was decided to plan for 200 dinners
	~ Jake K. offered to have the Ski-Boozer at the Christmas party to help sell tickets for it.
<b>Vintage Show</b>	* Jake K. update / Bill P. update ?
	~ Jake K. gave a detailed, and long report on the vintage show.
	~ Jake K. asked for "booze" donations for the "ski-Boozer"
	~ Beer & wine & hard cider will again be offered at this years vintage show. Jake K is looking into different options for the alcohol, he was not happy with the way things worked out last year, and thought the club could do better.
	~ Jake K. reported that he was looking at different food truck options than last year, he felt the club could do better, and make more money off the food served.
	~ Bill reported on his plan to stream line the judging process this year, and cut down the number of sled classes, and hopefully make it run smoother with less effort from all involved.. including the judges
	~ Bill informed us that he was donating a vintage 1998 Polaris XC 700 snowmobile that was in mint condition that he has been planning to sell, it was decided to add this snowmobile to the ski-boozer, and also add a \$100 cash prize. *** MANY MANY THANKS TO BILL FOR THIS **** this is a huge contribution !!!!
	~ Jake K. is working on this years flyer, and will send info over to Bill to get the raffle tickets printed up so we have them for the Christmas party
