Groomer #3 in Brucker's woods trail

...You may think with the trails all installed, and snow falling, we are "good to go" for the greatest season, we all love so much... To keep those 120+ miles of NESS trails smooth and enjoyable, we need to feed our 3 class-A groomers !!! A pretty typical or standard groomer run is 4-8 hours. When conditions get good, and all 3 groomers are running each groomer will make run, 3 - 4 times a week. Each time we send those groomers out on a run they combined will burn 100-170 gal. of diesel fuel !!! Depending on how long our season lasts, our fuel costs get VERY serious VERY fast... Please consider making a groomer fuel donation !!! We accept physical diesel fuel donations, and cash donations to purchase fuel to keep the tracks turning.

* as of Jan. 9, 2024 there were 52,552 registered snowmobiles in NYS and 30,664 total club memberships for NYS. For reference same date last year there were 7,418 more registered snowmobiles. The year the club re-formed, 1996 there were 150,000+ registered snowmobiles in NYS, and Erie County had more registered snowmobiles than any other county in the state. Residents aren't the only thing leaving NYS, snowmobiles and club members are too !!! Registration \$\$\$ is where trail funding comes from, huge losses in sled registrations, huge increases in fuel costs, and materials costs were a major factor in the increase of sled registration fees for next year.

Loud & Obnoxious

*** WANTED ***

Have you seen these two snowmobilers? They were last spotted on NESS trails, late last season. We've been looking for them for years, and years. They are spotted all over WNY, and rumored to have been in Northern snow covered climates all over North America. These are the notorious "Butt-Head" brothers, Loud & Obnoxious. They are responsible for; pissed off landowners, irate homeowners, upset motorists & furious fellow snowmobilers. Their actions behind the bars have caused trail closures everywhere they ride. They are easy to spot on the trails, but hard to catch. They only seem to ride with the throttle pinned to the handlebar, ski's hanging in the air, snow rooster tail flying high in the air behind. Their usual hours of operation are dusk to dawn, but have been reported out in the daylight as well. They don't belong to our club, and it's unknown if they belong to any other clubs. They ride out of control, outside the trail markers and all over the trail. With their "altered" aftermarket exhaust, they are usually heard long before they are ever seen. Their only recorded statement, in regards to the charges against them is; "We ain't from your town or club, and we don't give a rip about your trails, we're just passing through head'n South (or North) just look'n to rack up some miles, and hit a few bars. We do appreciate your flat smooth trails, we enjoy carving them up like cousin Clyde's Christmas ham." Some of you may have passed these guys out on the trails, our groomer operators have all reported seeing them. You may not have recognized them with their riding gear on, but the trail behind them gives them away every time. It's covered with "trail Closed" & "Follow Road To Trail" signs.

Reward for any info on these 2 snowmobilers
Only known aliases "Loud" (left) & "Obnoxious" (right)

Our 120+ miles of NESS trails cover a WIDE range. We have everything from farmers fields, state wildlife refuge, town bikepaths to homeowner back yards. In the Western most portions of our trails, specifically in Clarence, we have pretty much run out of options to cross the roads due to residential housing. We have places where our trail is 30 feet from houses & garages, right across lawns and back yards. If we loose permission at some of these properties, it's all over folks. Just one landowner / homeowner saying NO, will close from that point all the way to the "Ship -n- Shore", we are all out of options for re-routes. On the asphalt bike path(s), we have to meet with the town boards & supervisor(s) on a yearly basis to ask for permission, and it all hinges on how things went last year. Our trail system sits in a very strategic spot in WNY. A whole lot of riders head out, and take our trail system to head South or East on their way in search of deeper snow, and many more miles. It's everyone's responsibility to help police our trails. If you come across riders acting in a irresponsible manor on our trails, take action. Get registration #'s, take pictures, get that information to the officers of the club. The State Police, County Sheriffs, DEC officers, and local law enforcement are all there to work with us to combat these problems. It all comes down to just one fact.

It's Your Trail to Loose

*Editorial piece by
Ron Dawydko*

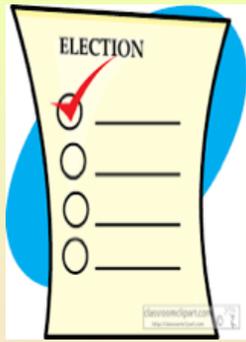

Trail Pic's

When your out on the trails, get that phone out, grab some trail pic's, or parking lot pic's, or where you and your bud's are having lunch pic's, ...ANY... kind of pic's,

share them with us, post 'em up on our fb page. Good or bad, water holes or smooth trails, busy restaurants or quiet woods trails, take the time to share them, both with us, and our social media. It gets others involved in the club, and it also helps inform everyone else of potential hazards, and gives us an idea where we have problems we need to address. And remember... our trails and club are only as good as the volunteers who contribute their time to work on them !!! ? How have you contributed ?

snoseekers@yahoo.com or TxT: (716)622-8121

Election Time

March meeting we will be holding our elections, February meeting we will be nominating candidates for all open positions. There are many, many open positions, such as officers, board of directors & chairpersons. We could really use some new blood, new faces, new ideas. If concerned about becoming an officer or BOD, no worries, we don't do back ground checks (maybe we should) and you don't have to pee in a cup (... unless we are screening for accuracy, not content) ...Seriously though... If you have any questions about any of the positions, or what's open for nominations, or what's involved in being elected to a position, please contact secretary Ron he'd be glad to explain it all, including string theory, the Higgs Boson particle, Monopoly board game strategy, and the meaning of life... Ron: (716)622-8121

Club member & sergeant of arms Jeff announced at last months meeting he, along with his BBQ "side kicks" Andy & Brian will be once again be hosting at least one (hopefully more) trail side "weiner roasts" this season.

These guys may not look like world class chefs, but looks are definitely deceiving ! These dudes set up their trail side BBQ and crank out some of the tastiest Hot Dogs you can't possibly imagine. 2 years ago they sold out of dogs before they ran out of customers at their drive through trail side grub hub. With a toasty warm bonfire roaring trail side (don't tell the governor), and refreshments available, a good time is had by anyone who stops. Keep an eye on our FB page for details, or Subscribe to NESS text messages so you don't miss a thing NESS related. Subscribe to NESS txt messages by sending your # to (716)622-8121
